

HISTORIAN

The primary responsibilities of the Historian is to record the activities of Troop 103.

Troop Meetings

The Troop has been trying to focus on monthly themes. Take at least one picture, or acquire someone else's picture(s). Write up either a couple of sentences or caption the picture. Send the picture and write-up to the Webmaster to post on the Troop website.

Outdoor campouts and activities

Take at least a couple of pictures (or acquire someone else's) and write up a few sentences or short paragraph about the outing and send to the Webmaster to post on the Troop website.

If you do not attend a campout or activity, you are still responsible for acquiring pictures and writing something up to submit to the Webmaster to be posted. You will need to "interview" Scouts who went on the trip for information to create the post.

Binder

Use the binder to write up your posts, take notes for the posting. You could also add the printout of the final pictures and writeup in the binder.

At the end of your term as Historian, you are responsible for passing the binder off to the next Historian and explaining how you have been accomplishing the above tasks.
